The following is an examiner's statement of reasons for allowance: This is RCE application of 09/519642. The utility rejection in the parent case was maintained despite filing of declaration of Dr. Fang because it was unsigned. Now that the Declaration is signed and acceptable, Examiner acknowledges that the Declaration of Dr. Fang provides evidence for overexpression of L552S polypeptide (peptide SEQ ID No.786) in lung adenocarcinoma. This obviates the utility/enablement rejection of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Borin whose telephone number is (571) 272-0713. The examiner can normally be reached on 9am-5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Woodward can be reached on (571) 272-0722. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
